

Miss A. Savage

On behalf of the Ontario and Quebec Area Military Committee of the National Council YOUNG MEN'S CHRISTIAN ASSOCIATIONS OF CANADA, we desire to express our grateful appreciation and heartfelt thanks for your self sacrificing and untiring volunteer service rendered in connection with our work for the Canadian soldiers, during the Great War and the period of demobilization.

Its value and influence has been far reaching and both officers and men have been outspoken in their appreciation of the value that this service has been to them, and state the volunteer service of the Red Triangle organization has been a great factor in maintaining the high standards of morale and efficiency that have always characterized the Canadian soldier.

The exacting nature of this work so cheerfully undertaken and performed with such devotion can be fully understood only by those who engaged in it. May the consciousness of work well done and the manifest approval of our Master, in whose name it was initiated and carried on, be your constant reward.
